### REASON FOR NOMINATION

Angus Council have consistently helped us (Claverhouse Group) meet our objectives in refurbishing bikes through our Cycle Stop enterprise. Morag Grant, Waste Strategy Officer, has facilitated collections of over 50 tonnes of bicycles each year. Main points to note for Angus Council:

- They ensure that we receive all the bikes that are deposited at their recycling centres. Their staff are friendly and co-operative and very easy to deal with. Our staff are on first name terms with all of them and enjoy working with them.
- Without the consistent supply of bikes we receive from them, we wouldn't have been able to establish Cycle Stop, let alone run it for as long as we have!
- Their co-operation has helped us to deliver community benefits to the residents of Angus. Supplying low cost bikes, furnishings and electrical appliances has health benefits and provides people on low incomes with a cost effective realistic source of supply.
- The grant they awarded to us helped us to establish a solid base to build on and develop our range of products and services across the Angus.
